VISS LIGHTING

KINGKONG10/20

CE

10/20 mm PIXEL PITCH | IP65 PROTECTION LEVEL | LIGHTWEIGHT | TRANSPARENT | LOW NOISE | INSTALLATION EASY | WIDE VIEW
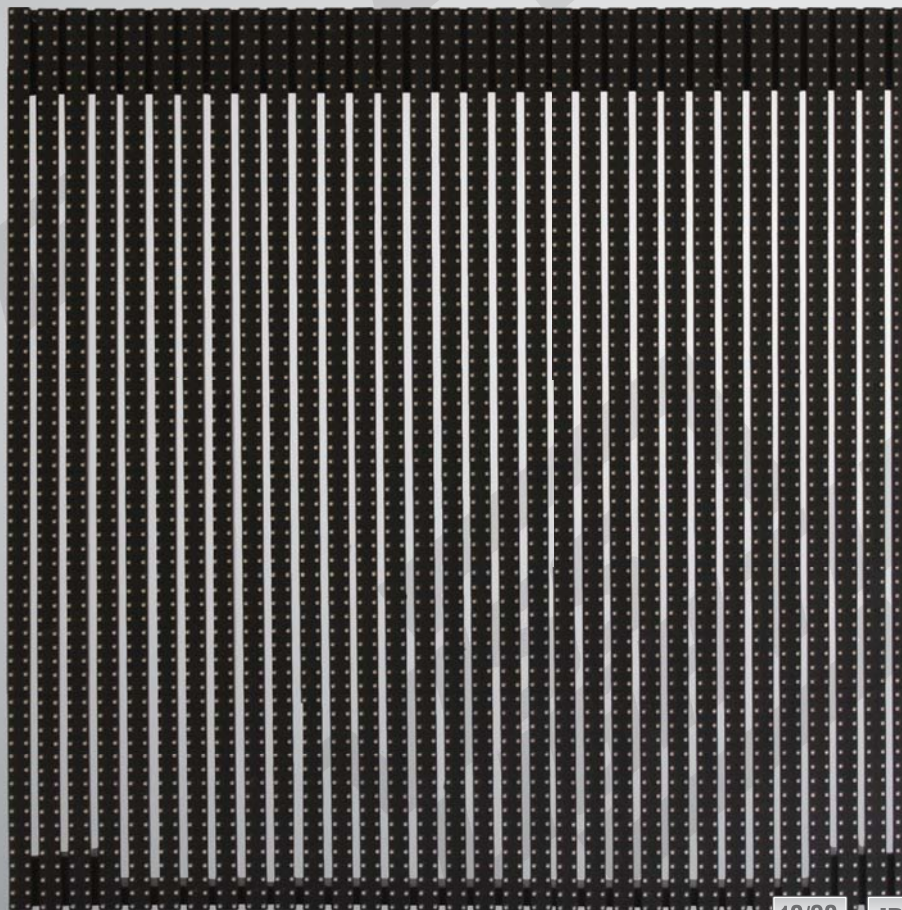

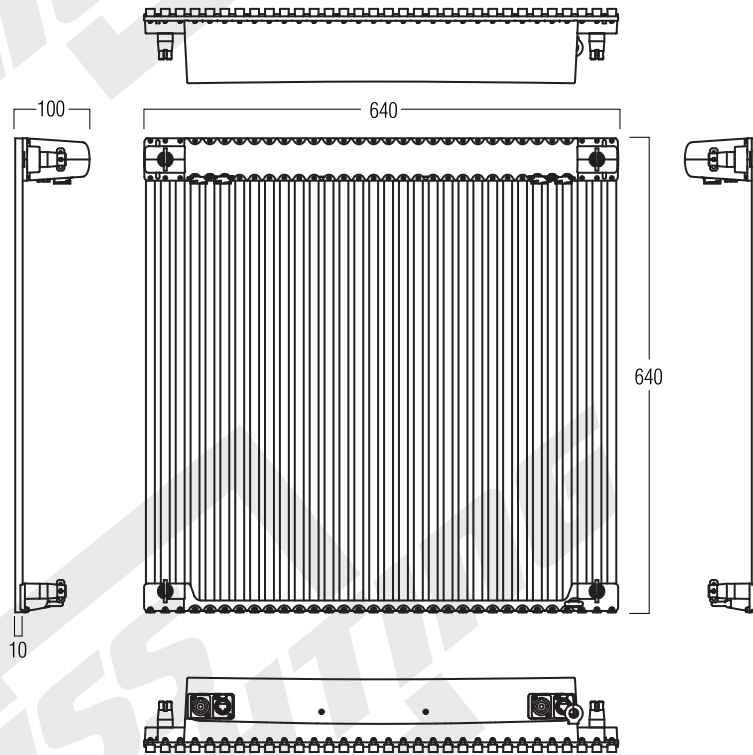

DIMENSIONS

All dimensions are in millimeters

SPECIFICATIONS

Specifications	KINGKONG10	KINGKONG20
Pixel Pitch	10mm	20mm
Pixel Matrix	64X64 dot	32X32 dot
Led quantity/Module	4096 dot	1024 dot
Pixel Configuration	SMD 3-IN-1	
Brightness	3000-5000nit	4200 nit
Data Refresh Rate	1440Hz	1920Hz
Gray Scale	14bit	
Color	68.7 billion	
Brightness Adjustment	8 grades adjustable on software	
Unit Size	640X640X100mm	
Unit Area	0.41m²	
Unit Weight	9kg	8kg
Max Power Consumption/Unit	300W	200W
Viewing Angle(horizontal/vertical)	120°/120°	140°/140°
Minimum View Distance	10m	20m
Transparency	21%	40%
Out-of-control Point	<0.0002	
Tenure Life Of Lamp(50% Brightness)	>50000 hours	
Work Temperature	-10℃~+40℃	
Relative Humidity	10%~90% RH	
Protection Level	IP65	
Work Voltage	AC100~240V / 50~60Hz	
Drive Mode	Constant Current	
Operating System	Windows (2000/XP/Vista/win7)	
Signal Types(adopting video processor)	AV,S-Video,VGA,CVBS,HDMI,DVI	
Control Distance	HSYV;<100m	
Certificate	CE

PRODUCT FEATURES

## Die-cast aluminum alloy

Whole die-cast aluminum reduces spare parts, strengthen sability, and make simple structure and durable lifespan. Every light strip uses die-cast aliminum alloy material and transparency surrounding, which makes good dissipation.
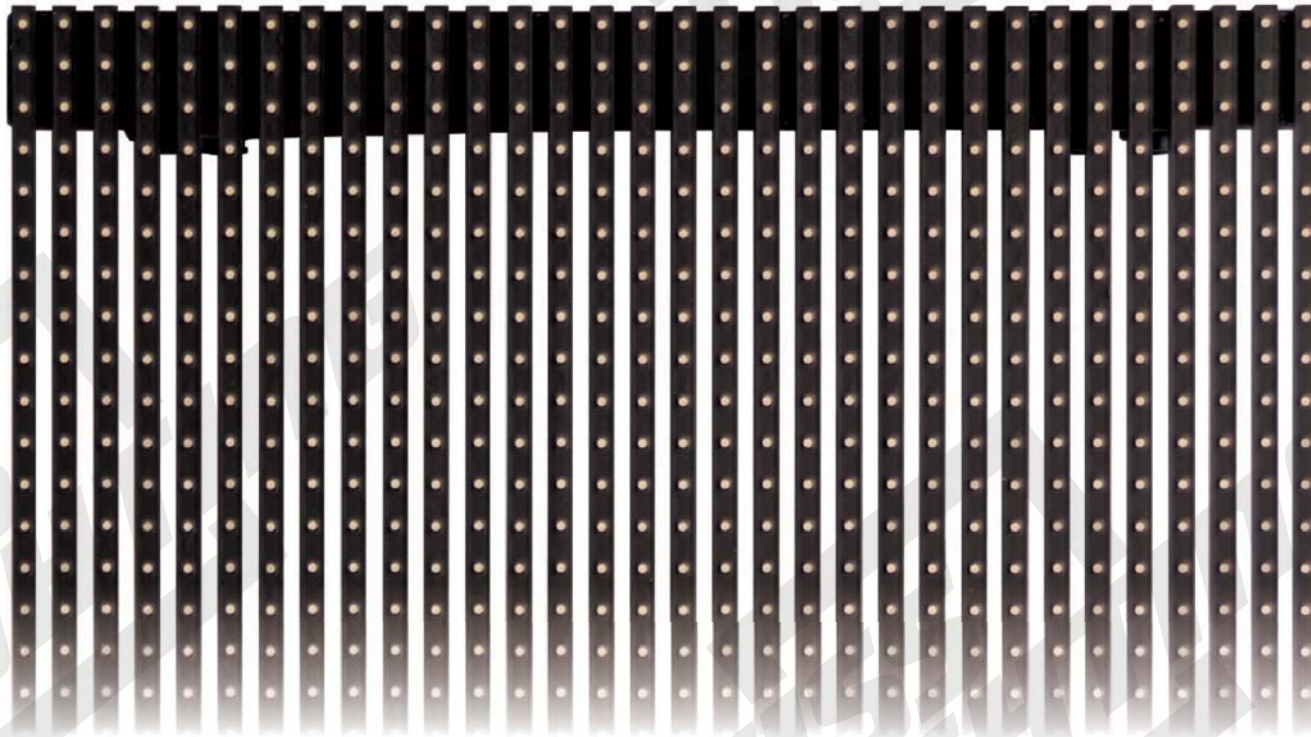

Easy installation

Unique auto-locking design makes installation easy and maintenance super convenient and flexible.One person can handle these freely.
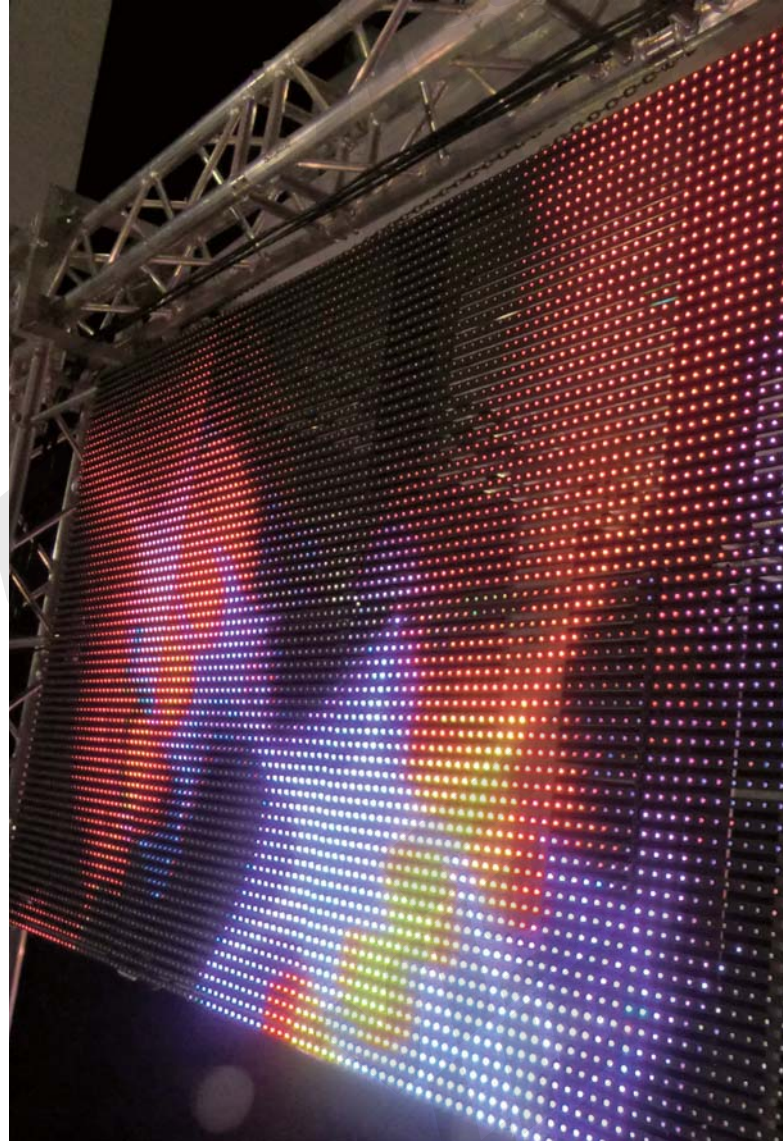

High protection level

IP 65 protection level, suits all kinds of outdoor show application.

High brightness, high transparency

The brightness can reach to 5000nit,it also has excellent performance at the bright places. High transparency with 40% makes strong resistance of wind.
