Dear colleagues,

Novator Pallet LTD offers you new Europaletten with load capacity of 2500 kg. Pallets of our production comply with all standards EPAL Euro certification (by size, corners, bevelled bottom planks, used nails and other requirements). The main difference between our pallets and certified pallets lies in the missing EPAL trademark. One of the characteristics of our services is that we can supply pallets in large quantities.

We sell several varieties of new Europaletten under the conditions of the FCA

Europaletten SORTE „A“ - 4.70 euro
