

Excellence

The new 3-in-1 performance tyre

BENEFITS

Excellence The new 3-in-1 performance tyre

Developed in partnership with leading vehicle manufacturers to exceed ever-demanding customer expectations, after Goodyear asked 40,000 people what they expect from a tyre. They named three things: safety, comfort and performance. That's why the revolutionary Excellence tyre incorporates three technologies into a single tyre. It offers you the safest possible drive, with superb performance in handling, and an exceptional feeling of comfort.

The Excellence features:

- Wet braking and wet handling in emergency situations
- Best in wet silica compound
- High performance driving on wet and dry roads
- Uniform bead insulation
- Quiet ride and added comfort
- Shoulder stabilisers
- Cornering grip, high speed driving and improved dry emergency braking
- Progressive spiral overlay
- Handling precision and even wear
- Dual pitch sequence
- Internal and external noise pollution reduced
