COMMERCIAL OFFER

Lopatins'kiy torfobriketnyi zavod Llc. is engaged in mining and processing of peat in the Lviv region of Ukraine.

We offer high quality PEAT BRIQUETTES.

Briquettes are widely used as fuel for heat and power plants, for domestic and industrial boilers. Time of burning is up to 8 hours! Ash from the combustion of the briquettes is a natural fertilizer. Our capacity is **3000 tons per month**.

Characteristics of peat briquettes:

Humidity: 16-20%	Net calorific value: 3600-4200 kcal/kg
Ash: 14,0-20,0%	Dimensions: 20-75 / 65 / 180 mm
Sulfur: 0,31%	Custom code: 2703 00 00 00
Package: in bulk, Big-Bags 1000 kg, 10kg (+/-10%) packs on pallets.	

Price FCA – Lopatyn (80261UA) – 50 EUR / tone (Big-bags)

Price FCA – Lopatyn (80261UA) – 70 EUR / tone (10kg packs on pallets)

** prices are valid for April of 2018*

We offer stable, long-term and mutually beneficial cooperation!
