

Ansamblu buton piezoelectric
AB 0124, AB 0224 si Ab0324
FISA TEHNICA

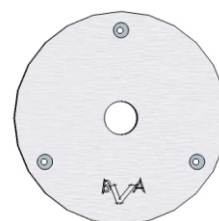

RO

AB 0224

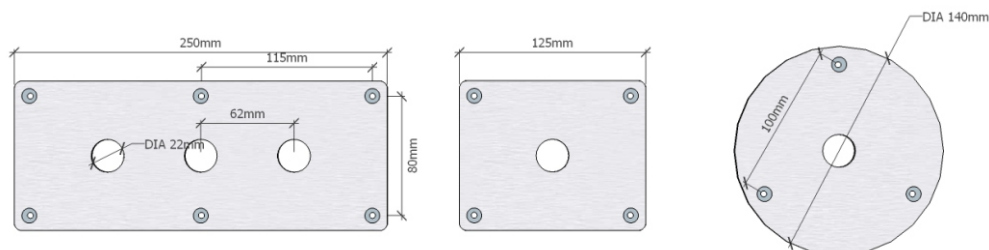

AB 0324

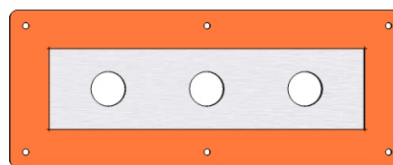

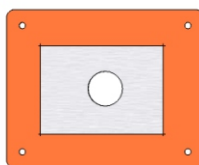

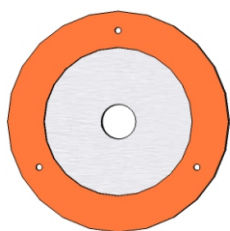

AB 0124

Dimensiuni

Material inox AISI304
Grosime 2mm
Inaltime garnitura 1mm
Rezistenta sporita la substante chimice.
A nu se monta in medii saline.

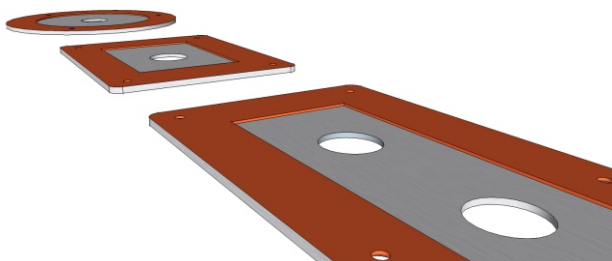

Etanseaza prin strangere, cu ajutorul suruburilor inox aisi304 din pachet, pe suprafete drepte/fine, placate cu ceramica, liner ori plastic. (I) inclusiv surubul se autoetanseaza.

Pe ceramica, rosturile nu trebuie sa fie mai adanci de 0,3mm.

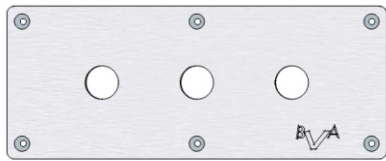

Pe liner nu se monteaza pe lipituri.

Pe plastic nu se monteaza pe lipituri.

Dimensions

AISI304 stainless steel material
 Thickness 2mm
 Gasket height 1mm
 Increased resistance to chemicals.
 Do not install in saline environments.

Seals by tightening, using the aisi304 stainless steel screws from the package, on the surfaces straight/fine, coated with ceramic, liner or plastic. (I) including the screw is self-sealing.

On ceramics, the joints must not be deeper than 0.3 mm.

On liner do not mount on solder joints.

On plastic do not mount on solder joints.
