

Jet-Print – the multitalented mat!

The advantages of a dust catching mat and advertising effectiveness perfectly united, the Jet-Print is in use everywhere where more than cleanliness is needed. Offices, stores, hotels, banks, exhibition halls and so on are enhanced by the Jet-Print mat; the rooms, in which visitors, customers and guests circulate, remain clean and attractive. Due to the possibility of individual design with high-quality characteristics the Jet-Print is appreciated primarily by companies which attach importance to their company image.

Advantages

The mat consists of 100 % non-slip Polyamide surface and is easy to clean up to 60 °C, the nitrile rubber backing guarantees oil and microbe resistance. The state-of-the-art Jet-Print technology allows printing up to 20 (out of a total of 44 available) colours and the ability to achieve colour brilliance of a high-standard, fine lines and colour shading.
