

# Winch RDWH-1500

Winch designed for construction and restoration of medium voltage conductor stringing equipments.

### Characteristics :

- Variety of drums (pilot or split) available
- Hydraulic drum loading device
- Hydrostatic transmission and reel-in speed
- Automatic failsafe brake

Type	Speed (m/min)	Outside Ø of the drum (mm)	Drum max width (mm)	Max. drum weight (kg)	Drum shaft (mm)	Dimensions (mm)	Weight (kg)
<b>RDWH-1500</b>	0-100	1600	1000	700	70	3100x2250x2150	1600

# Hydraulic Power Pack

Engine	Power (kW)	Speed (min <sup>-1</sup> )	Dimensions (mm)	Weight (kg)
Briggs&Stratton 4-stroke (air-cooled)	13.4	3600	331x406x439	33.3
