

plus-clean™

Introducing **Plus-Clean™**, a professional range of cleaning products designed for your plastic card printer and equally high in performance for vending equipment, credit card machines (PDQ) and General IT equipment.

“Save time, reduce waste, lesson hardware downtime and help prevent unnecessary repairs and costly printhead replacements”

The new **Plus-Clean™** range is the result of extensive research and over 2000 development hours within dedicated laboratories, using the most advanced equipment, sophisticated instruments and modern technology.

Leading the way in card printer cleaning innovation, we are committed to delivering the highest quality cleaning products available on the market today. **Plus-Clean™** has been developed using Statistical Process Control Charts and constant on-site quality monitoring processes to ensure stringent quality requirements are not just met, but exceeded.

Simplifying the range

With over 60 different cleaning kits spread across the various leading card printer makers, selecting the correct kit at the size you require and cost effectively can be a daunting experience?

Thanks to **Plus-Clean™** that's a thing of the past. Having simplified the vast array of cleaning products available, you can now select exactly what you require from a series of just 6 value add kits.

Ultra Cleaning Kit

(5 x Cleaning Swabs, 5 x CR80 Cleaning Cards, 40 x Cleaning Cloths)

Rio/Tango/Avalon Cleaning Kit

(10 x Long Cleaning Cards, 5 x Cleaning Swabs, 5 x Adhesive Cleaning Rollers)

CX/Prima Cleaning Kit

(10 x Adhesive Cleaning Cards)

EcoEdge™

Not only is the manufacturing quality and the simplicity of how you buy important, the packaging is too and we're proud to confirm our outer packaging is made from renewable resources and also recyclable.

Waste from swabs and cloths drying out before you've used them are no longer an issue. **Plus-Clean™** kits come with individually wrapped items, designed to increase the shelf life of your cleaning consumables. The longer they last, the less you waste.

Clean is Green!

High quality cleaning with **Plus-Clean™** can reduce waste and:

- + Help prolong the life of your equipment
- + Support uninterrupted printing time and deliver more quality printed cards first time - every time
- + Provide unique, flexible buying options with added value
- + Reduce waste and save you money
