- Speed: 0.07 m/s
- Motor: 0.37 kW
- Power requirements: 230V/10° (for the battery charger)

Standard platform dimensions:

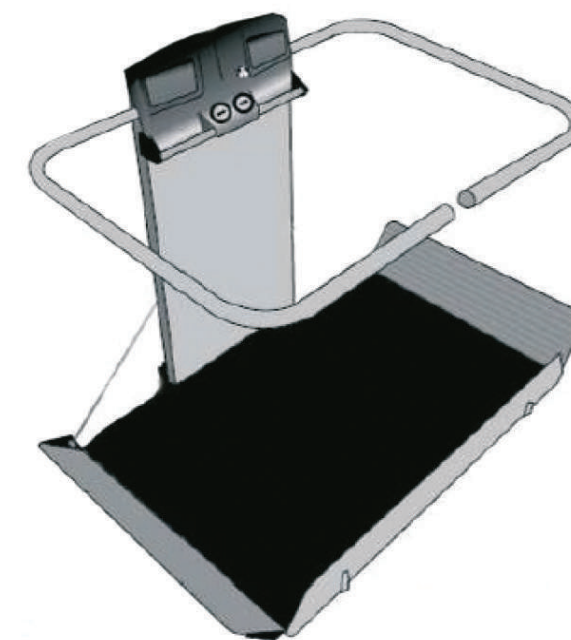

- 640 x 680 mm
- 750 x 700 mm
- 800 x 800 mm
- 800 x 900 mm
- 800 x 1050 mm
- 800 x 1220 mm
- Custom dimensions previous verification

Discreet design allows a perfect integration within an architectural context. The lift takes up minimal amount of space on the stair, and the ride is linear and silent.

The inclined platform X3 is safe and needs minimal maintenance.

The use is extremely simple, hold to run. The lift stops when the control button is released.

The X3 is available in manual and automatic versions.

The lift operation is simple and intuitive. The possibility of error is minimal

GSL X3 can be installed indoors. Often, it is the most simple solution to access without obstacles.

Example of GSL X3 on an outdoor application. Tower mount rail.

Top: Example of an outdoor installation. Minimal amount of space. Bottom: the rails are of elegant design and simple to install.
