

SPIN\_\_\_\_\_

More than a granita machine,  
an interior decorating object:

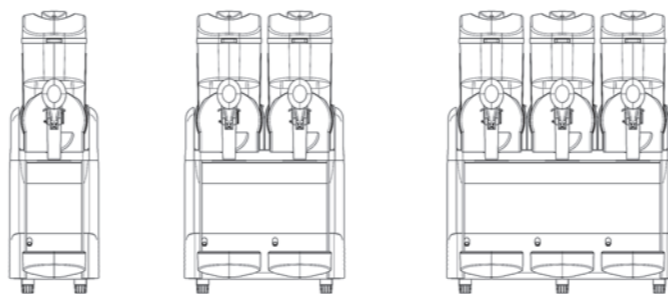

a mix of power and design.  
An object to show off, attractive outside,  
powerful inside.

SPIN\_\_\_\_\_ A new style is born.

B+C PROGETTI PER COMUNICARE

#### OPTIONAL

#### WHEN OPENING THE LID, IT BLOCKS

This systems blocks the auger functioning as soon as the lid is opened (optional version you request).

#### PATENTED SYSTEM

#### NEW DISPENSING SYSTEM

The new dispenser assures utmost hygiene because it prevents the product from depositing in non-refrigerated points.

#### SIGNALS WHEN THE DRIP TRAY IS FULL

The drip tray features an indicator that warns when the drip tray is full. A useful solution for preventing spills on your counter top.

#### STAINLESS STEEL 304 PANELS

Excellent resistance to corrosion, thanks to the use of stainless steel AISI 304.

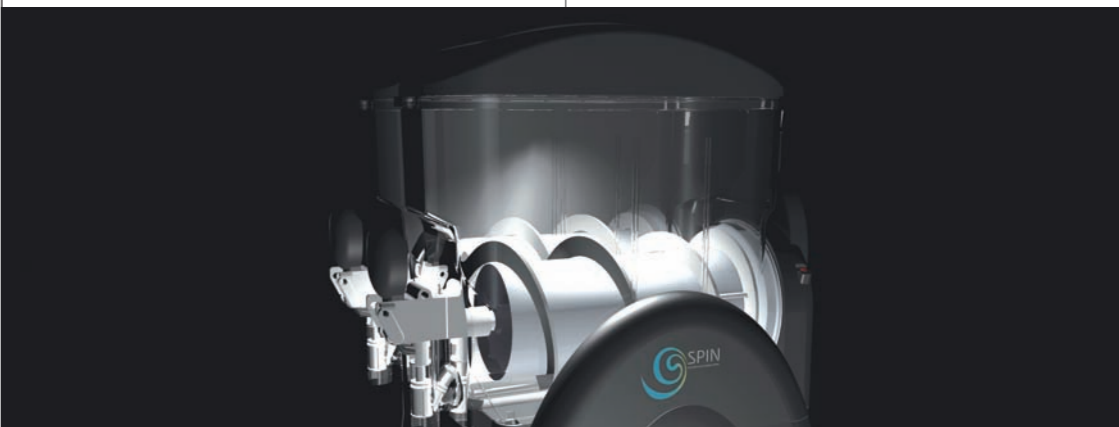

#### MORE POWER TO COOLING

Upgraded refrigeration system, easy to maintain.

#### WE CARE ABOUT OZONE

Spin contains gas with an ozone depletion potential equal to zero.

#### YES TO LIGHT, NO TO WIRES

SPIN lights up your product thanks to a system that uses a contact to turn on the lighting when the lid is closed. Special effects without any electrical wires.
