

# AC 1050

## Servomotor Controlled Double Head Aluminium Cutting Machine

- On auto mode, it goes to position without operator intervention.
- Option to work with CF Card.
- 1850 different cutting length memory capacity.

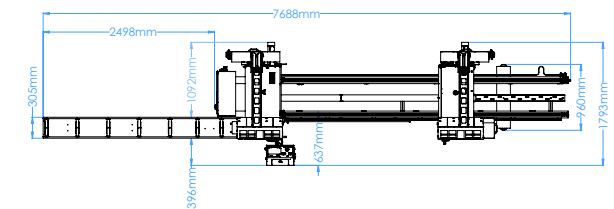

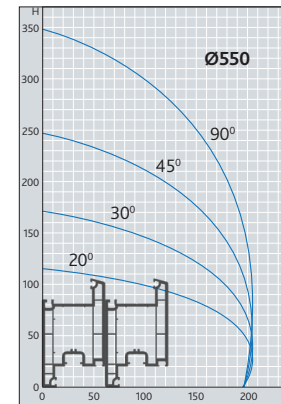

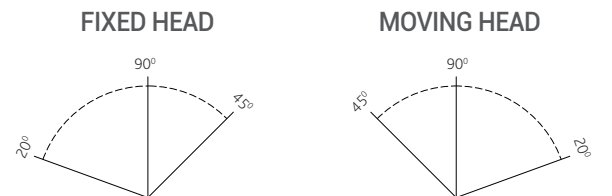

- Precise cutting at inner 45°, outer 20° thanks to patented control system.

- Hydropneumatal system provides precise cutting quality.
- Horizontal profile clamping and practical piston place adjustment system.

### General Features

- Precise cutting of Aluminium profiles between 20°-135°.
- Has lubrication system.
- Left feeding table and automatic saw safety cover.
- Profile support arm between two heads.
- Special vacuum system to cut without depositing sawdust on heads.
- Profile height measuring system.
- Automatic slicing system.

### Optional Equipments

- BY 100 Barcode Printer

- BB 200 R Feeding Table
- F 100 E Feeding Table (Additional)
- KP 100 Cutting Program

H: 1800 mm	400 V L1-L2-L3-N-PE 50 / 60 Hz 5.8 kW	1200 kg	6-8 Bar 60 l / Cycle	ØD: 550 mm	L min: 400 mm L max: 6400 mm

- The machine has patented features.
