

SR 612

Full electric CW and CCW CNC tube bender

Main applications:

Automotive: Brake, Power steering, Injection, Gas, Air Conditioning,
Cooler for power steering, « HVAC » Aeronautic

Main characteristics:

- ✓ 6 numerical axes
- ✓ Maximum diameter: - 12 mm steel (wall thickness 1 mm)
- 16 mm aluminium (wall thickness 2 mm)
- ✓ Clockwise and counter-clockwise
- ✓ Multiple bending radius - multiple diameters
- ✓ CNC Siemens 840D
- ✓ No hydraulics
- ✓ Hybrid tube bending
- ✓ Centralized lubrication
- ✓ Conform to CE standard
- ✓ Secured manual operation
- ✓ Fast tooling changeover time (3 to 5 min)
- ✓ Interface with measuring equipment available
