

G-JET Shirtmaker

- * White ink enables printing on to dark textiles
- * Prints directly onto garment
- * High production speed
- * Simple operation
- * Large printing area
- * High flexibility
- * Printing surface (420mm x 600mm)
- * Low cost per print

The **G-JET** is a complete full colour textile printing solution that offers simple operation and a high grade of flexibility. Its high performance print head allows higher production speeds than previous direct print solutions.

The specialized textile inks can be used to print directly on cotton and other textile fabrics. The G-JET comes equipped with a large 42cm x 60cm plate for T-Shirt and larger format textile; other plates for different sizes and products are available as an option.

The machine is equipped with 1 x each of CMYK and 4 x White ink cartridges offering a highly flexible printing capability as any colour material can be printed including dark garments. This solves the problem that has remained unresolved by other digital textile printing machines.

The complete solution includes a software RIP which allows you to simplify the production with integrated ICC profiles, flexible printer control and an intuitive user interface. Images can be scaled and positioned directly in the software without the need of a separate application.

Specifications: Kimoto G-JET Shirtmaker

	Kimoto G-JET Shirtmaker
Printing Method	Injet with piezo print head
Product Dimension	850 x 1300 x 450mm
Product Weight	80kg
Printing Direction	Bi-directional or Uni-directional
Printing Speed	Up to 60 T-Shirts per hour
Interface	USB2 or Firewire
Printing Resolution	Up to 2880dpi
Ink	Cyan, Magenta, Yellow, Black plus 4 White water based pigment inks for textile printing
Ink Supplying Method	Refillable cartridges
Nominal Voltage	AC 230V/110V, 25W
Height Adjustment	Auto sensing using an optical sensor
Enviromental Condition	Temperature 10-25°C / Humidity 20-80% non condensing
Software RIP	RIP software for WINDOWS with prepared print enviroments
Printing Surface	Standard plate (420 x 600mm)
