Highlights of ZWCAD 2011

1 Productivity Breakthrough

Parametric drawing will radically redefine the way you design in 2D by significantly improving accuracy and reducing editing time.

2 Effective and Efficient Tools

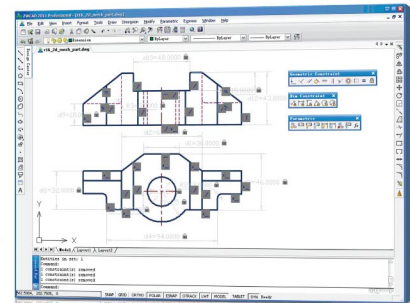

With a plethora of new drawing functions such as Table, Field, MLeader, PDF Plotter, and Solprof, you'll be able to create drawings much faster with more precision.

3 Better User Experience

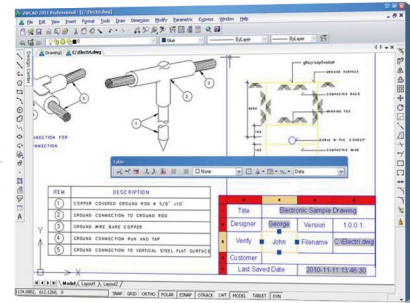

Enhanced tools such as Snap, Refedit, Raster Image, Dimension Break and Online Help, refine your user experience and make your designing process much more comfortable.

4 Optimized APIs (Application Programming Interfaces)

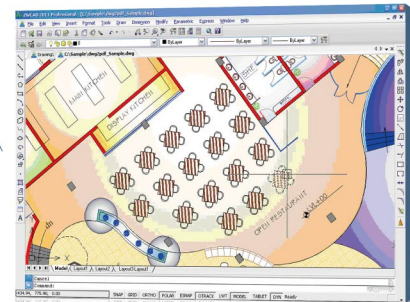

A wide range of API improvements, including new classes for UI in ZRX and a batch of new visual LISP functions, greatly simplify migration.

▲ Parametric Design

▲ Table, MLeader, and Field

▲ Smart Selection Highlighting
