

* WVT470-2

WV470-2

WV470-2

The WV-470 provides a larger alternative to the 370-380 series, with twice the capacity but to the same high performance standard be it wet or dry.

Twinflo

What is very important is for professional use we do not mix both the functions of wet and dry operation otherwise the result can be a container full of almost MUD which becomes difficult to empty and will be detrimental to performance. All machines are wet or dry and the change from one to the other is designed to be simplicity itself exchanging a dry filter for wet safety float valve and a change of floor nozzle, or vice versa.

Although twice the capacity we have added a folding handle design allowing easy movement when in use whilst also allowing compact storage.

The accessory kit provides tools for both wet and dry operation with stainless steel tube sets as standard.

* Also available WVT470-2 with transparent container.

Motor	Power	Airflow	Suction	Dry	Wet	Range	Weight	Dimensions
1200W	230V AC 50/60Hz	40 L/sec	2500mm	27L	20L	26.8m	9.6 Kg	358 x 450 x 710mm

Also available 115V/120V specification.
