TTV4555

TwinTec Vario... The Professional

TwinTec... Vario 4555 *The preferred choice of professionals*

The TwinTec 45/55 joins the Vario range to introduce a smaller machine yet with all the advanced and time tested features of the bigger walk behind TTV-5565 model.

TTV4555 in 55cm mode

The TwinTec Vario 4555 has taken the very best technology from other models in the Vario range and integrated these features into one of the most compact, hardworking, professional floor maintenance machines with a choice of either 45cm or 55cm scrubbing widths by virtue of the adjustable dual setting Vario deck design.

What has been achieved, both in terms of performance and handling, is truly outstanding, resulting in a machine that will become the preferred choice of many contractors servicing medium size contracts where the operator selection will be both male and female and where overall machine size is an important user consideration.

Easy filling and emptying adds to the overall simplicity of use

Flexifill 1m easy fill hose

Easy change squeegee

- Variable speed control
- Security key
- One touch dosing control
- Emergency stop
- Plug-in charger system
- Flexifill extending nozzle

The operator controls include independent selection of speed, water flow, chemical dosing and Hi-Lo operation all built in to the basic unit.

Within the Numatic TwinTec range the 45cm and 55cm scrubbing widths have always been the most popular with many contractors, being exceptionally convenient throughout the majority of applications, and with the Vario you have the choice of both sizes in the one machine.

With a full 60 litre capacity, built in dosing and dual brush pressure, true versatility is the principal objective, not to mention built in battery charging, easy fill and emptying systems adding to the high level of user convenience and satisfaction.

- Easy transit mode
- Adjustable brush pressure
- Linatex "easy change" squeegee blade

- 200Ahr Gel battery
- Nuchem dosing
- Adjustable Brush width

The unique TwinTec 45cm/55cm brush system...

A simple, no tool adjustment and brush change allows a selection of either 45cm or 55cm scrubbing widths.
