

Technical datasheet

TOOL BP SET 5-44 / Bore puller set

Mechanical extractors

Selection of internal bore pullers. High strength extractors suitable for the extraction of bearings whose outer ring is a tight fit in its housing.

Technical data

Main features	
Internal clamping extraction capacity	5,000 kg
Weight	5 kg

Technical datasheet

TOOL BP SET 45-100 / Bore puller set

Mechanical extractors

Technical data

Main features	
Internal clamping extraction capacity	5,000 kg
Weight	12 kg
