

Pneumatic Comparator

HX7620 Pneumatic Comparator

Characteristics

- ◆ Portable structure, small space and light weight
- ◆ It is suitable using in the laboratory and fieldwork
- ◆ Wide pressurized range, High Vacuum
- ◆ Wide fine adjusting, high stability.

Technical Specification

Pressure Range	(-0.98~25)bar
Stability	Above 0.02%F.S
Working Media	air
Output Interface	M20×1.5 Female
Overall Dimensions	(L×W×H):300mm×270mm×260mm
Weight	8kg

HX7620B Pneumatic Comparator

Characteristics

- ◆ Portable structure, small space and light weight
- ◆ It is suitable using in the laboratory and fieldwork
- ◆ Wide pressurized range, High Vacuum
- ◆ Wide fine adjusting, high stability.

Technical Specification

Pressure Range	(-0.98~6)bar
Stability	Above 0.02%F.S
Working Media	air
Output Interface	M20×1.5 Female
Overall Dimensions	(L×W×H):320mm×270mm×200mm
Weight	7kg
