

STARLIGHT

Cavitation+Monopolar RF+Tripolar RF +Vacuum ---U-shape

ADVANTAGE

- ✦ Mini design combination with newest technology ultrasound cavitation, tripolar RF, monopolar RF, vacuum liposuction, 5 handles in one machine.
- ✦ Non-invasive, no side effect, excellent result.
- ✦ Suitable to all kinds of skin and people, quick treatment, not affect people normal life
- ✦ Weight loss plus body shaping come true together.

APPLICATION

• **Cavitations:** blast fat on arm, abdomen, buttocks and thigh, and improve the skin

• **RF:** cheek, lower jaw, neck skin tightening; nasolabial fold improvement; waist and abdomen, limbs, weight loss; hips, big legs, orange peel-like skin improvement.

• **Vacuum:** imitate humanoid hand massage for all body parts, help fat exercise and break down fat, using a professional head to produce negative pressure and make regularly negative pressure massage, promote lymphatic drainage and increase skin elasticity effect.

SPECIFICATIONS

Cavitation	Power source	Active sensors
	Energy	0—5
	Working time	0-30m
Monopolar RF Tripolar RF	Power source	Radio frequency
	Energy	0-20J
	Frequency	1.2MHZ
	Working time	50—2500ms
	Work interval	1-4s
	Total treatment time	0-30S
	Working time	0.1-4.0S
	Work interval	10-300ns
	Total treatment time	0-30m
	Power source	AC220V±10%V, 50HZ±1HZ AC110V±10%V, 60HZ±1HZ
Fuse	T5AL250V Φ5×20	
Input Power	150VA	
Net weight/size	15KG/350*380*300mm
