Waterproof junction boxes

Plastic junction boxes with different shapes and dimensions. Designed for cable lines extension or tapping at cable installations laying. Made of ABS material with openings for input - output conductors, with rubber gasket to provide the corresponding IP rate. Resistant to chemical, thermal and UV rays. Direct wall mounting with screws.

Documentation corresponding to the product:
Standard: EN 60670-1

- Technical data:
 * Rated voltage: up to 1000V
 * Material: ABS
 * IP rate: IP 44/54
