

# Packing

Technical Data Sheet 10/2010

## monta pack 301

### Application

monta pack 301 is a self-adhesive packaging tape of high tensile strength based on polypropylene, coated with a solvent-free adhesive. It is available in clear and havana brown.

### Properties

- high tensile strength in longitudinal and cross direction
- very high adhesion and holding power
- resistant to diluted acids and alkalies
- heat resistant for short exposure up to about + 130° C
- easy to unwind
- friendlier to the environment (backing and solvent-free adhesive)
- difficult to print
- ecologically beneficial

Technical Data	Unit	
Base		polypropylene film, biaxially oriented
Adhesive		synthetic rubber (hotmelt)
Breaking Load	N/25mm	minimum 75
	N/cm	minimum 30
Thickness	mm	0,045 ± 10 %
Adhesion Strength	cN/25mm	1000 ± 150
	N/cm	4,0 ± 0,6
Colour		clear, havana brown
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designed application or use.
