Cum sa **utilizati** acest catalog?

Aceasta brosură include produse standard Armstrong:

- Gama **Mineral**
- Gama **Metal**
- Gama **Lemn**
- Gama **tavane Insula**
- Gama **Sisteme de suspendare**

Pentru a va ajuta sa identificati produsul care corespunde cel mai bine necesitatilor dumneavoastra, continutul acestei brosure este structurat in mai multe feluri:

■ Prin performantele produselor:

aceasta sectiune va ajuta sa identificati tavanul de care aveti nevoie, in concordanta cu cerintele plafoanelor (acustica, foc, reflexia luminii, spalare sau igiena).

■ Dupa textura si material:

aceasta sectiune va ajuta sa indentificati tavanul de care aveti nevoie, in concordanta cu efectul vizual asteptat.
