

Installed Weight	95 kg
Shipping Weight	105 kg
Installed Width	810 mm
Installed Depth	400 mm
Installed Height	400 mm
Maximum multi motor load	6 kW 8.05 hp
Maximum single motor load	6 kW 8.05 hp
Minimum motor load	0 kW
Input Fuse / MCB	40 A
Input Cable	6 mm sq.
Input Voltage	taps for 220 & 240 V AC provided
Output Voltage	taps for 380 & 415 V AC phase to phase provided
Nominal Maximum Working Current Input	27 A
Nominal Maximum Working Current Output	10.8A per phase at 0.8 power factor
Frequency	50/60 Hz
Maximum Working Power Output	6000 W
3-phase Output connector	5 pin (L1, L2, L3, N, PE)
Guarantee Period	3 years
NB: Single phase (230V) loads can use any only use phase L3 to neutral	

Proven Applications

<p style="text-align: center;">AGRICULTURE</p> <p>Pumps / Compressors Corn dryers / Submersible pumps Fans / conveyors Hoists / Wine press Grain mill / Olive oil processor Slurry systems Refrigeration units</p>	<p style="text-align: center;">METAL WORKING</p> <p>Power hacksaws Grinders / Drills Lathes / Milling machines Guillotine MIG and TIG welders Polishers Presses</p>	<p style="text-align: center;">WOOD WORKING</p> <p>Saws / Sanders Spindle moulder Edge benders / Dust extractor Planner thicknesser Copy lathe / Fans Milling machines Mortisser / Router</p>
<p style="text-align: center;">GARAGES</p> <p>Car lifts Wheel balancers Brake testers Hoists / Cranes Spray booths Compressors</p>	<p style="text-align: center;">CATERING</p> <p>Mincers / Saws Ice cream machine Potato peelers / Dough mixers Conveyers / Ovens Packaging and shredding Vacuum packers Air conditioning & refrigeration</p>	<p style="text-align: center;">PRINTING</p> <p>Printing machine Folding machine Stitching machine Paper drills Guillotines</p>
